Certified Nurse Aide Week

June 14th - June 20th

A week in June is set apart each year to honor those that care for others and devote so much of their lives doing so. Although at times we all get frustrated when dealing with our loved ones care; at times it can also be frustrating for those Aides that perform so many duties that often go unappreciated. This job takes an abundance of patience and empathy as well as proper skills and training. Please take the time this month to thank an Aide when you notice the hard work, effort, and diligence that they put forth everyday. On behalf of Twilight Home we would like to send a huge THANK YOU to all of our wonderful Certified Nurse Aides, Medication Aides, and Restorative Aides.

THANK YOU for a job well done!!!

As always, if I can assist with any concerns please feel free to come talk to me so we can find a resolution. I hope you all have a healthy and happy June!

Jordan Golden, Administrator

A quick guide to a positive Twilight Home experience:

- ◆ **Label clothes with a permanent marker**
- ◆ **Remove seasonal clothing from facility**
- ◆ **Remove excess blankets and robes from closets and drawers**
- ◆ **Do not bring extension cords, aerosol cans, or heating pads as they are not permitted**
- ◆ **ALWAYS let us know if you have a concern so we can address the issue**

Hot Time in East Texas

It is the HOT time of the year so be careful and stay cool. Drink more fluids regardless of your activity level. Leave the sodas alone since they can actually cause you to lose more fluids. It is time to stay indoors more. I know some people enjoy spending time outside but try to do that in the morning when it is cooler. We have air conditioning and I hope you will use it. I know some people prefer the warmth and that is ok too just don't overdo it. It is also time for the lightweight loose fitting clothing and time to send the sweaters and coats home with the family until the fall. Please remember to drink more, even if you don't feel thirsty. Enjoy the summer at Twilight.

Boogie Woogie Bash

Poodle skirts, bobby socks, saddle oxfords... does that ring any bells? If you have any stashed away from the 50's now is the time to bring them out again. Twilight Home is once again sponsoring the annual senior dance. Last year our "Shake Rattle and Roll" was a huge success and this year's "Boogie Woogie Bash" is guaranteed to provide a fun night. Committee members started planning this year's Senior Dance even as they were cleaning up from the dance last year. I don't know who gets more excited the seniors attending or the committee planning it.

The Boogie Woogie Bash is Friday June 29th at the Cook Center on the Navarro College campus.

Tickets are free but are required for the event as seating is limited. Please get your tickets in the business office. The Sock Hop is for anyone ages 50 or better. Chasity will be taking the residents that would like to attend. **If you want to escort your family member you will need a ticket also. We can always use volunteers to dance with the residents.** What are you waiting for? Get your tickets! It's the social event of the season!

With Love,
Chasity

RECIPE OF THE MONTH

Prep Time: 5 minutes
 Bake Time: 60 to 70 minutes
 Chill Time: (cool time) 2 hours
 Yield: 8 servings

1 cup Karo® Light OR Dark Corn Syrup

- 3 eggs
- 1 cup sugar
- 2 tablespoons butter, melted
- 1 teaspoon Spice Islands® Pure Vanilla Extract
- 1-1/2 cups (6 ounces) pecans
- 1 (9-inch) unbaked or frozen** deep-dish pie crust

1. Preheat oven to 350°F.
2. Mix corn syrup, eggs, sugar, butter and vanilla using a spoon. Stir in pecans. Pour filling into pie crust.
3. Bake on center rack of oven for 60 to 70 minutes (see tips for doneness, below). Cool for 2 hours on wire rack before serving.
4. **To use prepared frozen pie crust: Place cookie sheet in oven and preheat oven as directed. Pour filling into frozen crust and bake on preheated cookie sheet.
5. RECIPE TIPS: Pie is done when center reaches 200° F. Tap center surface of pie lightly - it should spring back when done. For easy clean up, spray pie pan with cooking spray before placing pie crust in pan. If pie crust is overbrowning, cover edges with foil.
6. NUTRITION TIP: To reduce calories, substitute new Karo® Lite Syrup for the Karo® Light or Dark Corn Syrup.
7. High Altitude Adjustments: Reduce sugar to 2/3 cup and increase butter to 3 tablespoons. Reduce oven temperature to 325°F.
8. VARIATION: coarsely chopped walnuts may be substituted for pecans to make a walnut pie.
